```

Change Your App icon here.

Follow The Steps

STEP 4

**Go to the terminal & run these commands:**

STEP 5

**flutter clean**

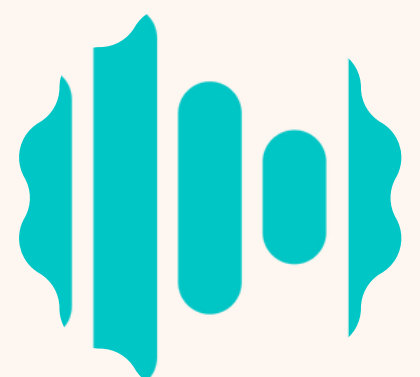

**flutter pub get**

**flutter run**

**(To run the app on your virtual emulator)**

**flutter build apk**

**(To build your own app for Android)**

**Do Remember**

## **For Regular License**

You have to reskin the app before publishing it to the play store or the app store.

## **For Extended License**

- You do not have to reskin the app before publishing it to the play store or the app store.
- Reskin Service is free for extended license
- Free setup & installation via remotely access

*Thank  
You*
